Punjabi Community Health Services in partnership with Rangla Punjab is organizing a Community Forum to look at strategies to protect youth from harm. There have been far too many youth killed in Peel Region. Let's get together to work in partnership with the Peel District School Board, Peel Regional Police, The City of Brampton, and the Regional Municipality of Peel.

We are inviting representatives from the Peel Regional Police, Peel District School Board, Representatives from the City of Brampton, and the Regional Municipality of Peel and other distinguished guests and leaders to participate in this dialogue.

We want parents to come with their children, especially youth, and tell us "how can we protect our youth?". Together we may come up with ideas and strategies which would help us save our youth.
